

## **The World's Greatest Internet Resources found at the World Internet Summit**

Also included are some sites I have found myself. We have dug deeply so you don't have to. This resource is truly gold. Some sites are free, some are paid programs/software, but these are must-see sites that will make your life easier. It would have cost you over \$2,000 to get this list (if you paid & attended the summit).

### **[CBMALL](#)**

Now you can search any information product easily. Simply type in the key word (google, marketing, dating, whatever) & search Click Bank's huge library.

### **[Register your domain name](#)**

This is the cheapest place you will find on line to register your domain name. Vital as the first step in the concept of your website.

### **[How to Automate all of your marketing Online:](#)**

Automate everything on your web site. A five STAR MUST...

This software is so powerful it will blow you away in what it can add to your bottom line.

This all in one web solution lets you:

- Send unlimited auto-responders
- Create forms such as opt-in Newsletter boxes, tell a friend pop-ins/outs
- Ad tracker so you can see how successful your ads are
- Mail merger to personalize your database, this is vital to communicate for FREE to your database
- Affiliate program software so you can have 100's of people selling your services for a commission.

This software is an absolute must. It does so much more than this brief outline. If you are not using it now you are already losing money.

### **[How to find key words that people are using.](#)**

This is a free service, but you must know what people are looking for and how to generate traffic using this software.

### **[To get the most out of Google Adwords,](#)**

here is a vital piece of software to show you which are the best key words for you to promote.

### [Google toolbar](#)

Take the power of **Google** with you anywhere on the web, Search the web with **Google** from any site. ... Plus many other tools, download for free.

### [Alexa Toolbar](#)

Find out how you & your competitors' rankings compare.

### [Alexa Booster](#)

Boost your rankings

### [The absolute best A-Z tutorial you will ever find about the internet.](#)

Aussie speaker, Paul Barrs was a huge hit at the summit. His program shows you with video and audio through a computer CD system how to make a profitable web site. I will personally stand by this product as one of the best I have ever seen. This for the beginner, advanced & everything in between. Check out his eBusiness Mastery course.

### **Plug in Website Templates**

Why build a whole web site when you can have ready-made professional templates at the fraction of the cost? This was a major learning curve for me. Here are a few different sites to choose from.

#### [APlus Templates](#)

#### [TemplateMonster](#)

### **Easy software to make your life easier**

One of the main speakers Armand Morin has made a few different sites with different software solutions. Some applications could be making your own sites Increasing the visual presence online. Or you could start your own 1 page building business by using Armand's software.

### [Header generator](#)

Brilliant software to make beautiful & professional header templates for the top of your web site. This works in fantastic with automation software as you can up load your header in al different forms as well as on the top of your web site. Check my web site [www.datingmagic.net](http://www.datingmagic.net) to see 1 example of how to create an easy banner in less than 5 minutes.

### [Audio generator](#)

This makes your web site come alive with simple audio. You can use audio online for testimonials, ask for orders, tutorials, samples, or create a downloadable product.

### [Sales Letter generator](#)

This software lets you create web pages quickly & easily. To be effective you should get header & ecover generator as they work hand-in-hand.

### [E cover generator](#)

### [eBookGraphics](#)

I have personally used Neil Tarvin's first class e-book graphics services. Neil has templates or he can customize covers, ebooks. He puts the polish on a boring word doc & he turns it into a winning PDF e-book.

### **Google Ad Words**

You must know how to drive traffic to your site. With Google you can get high quality targeted traffic in less than 15 minutes which is amazing. To get the inside running on how to maximize your traffic read this fantastic manual by Perry Marshall.

### [The Definitive Guide to Google AdWords:](#)

Perry has some other great products

Find out about Perry's [Definitive Guide to Writing and Promoting White Papers:](#)

### [Marketing Toolkit for Hi-Tech Sales](#)

### [Google Cash Without a Web Site](#)

If you have ever wanted to sell other people's products & not own a web site this fantastic manual will show you how, I personally had this printed out & I take it most places.

Another great Program that teaches you [how to use Google adwords for profit](#)

### [Web Logos](#)

Get a professional low-cost logo for your web site:

[Get a high Google page ranking](#) for your web site. Try to get 5 or above. This will mean your website will get spidered more often.

### [Add your web site to Goggle's search engine](#)

### [Free affiliate training](#)

Armand Morin trains you how to be a super affiliate, for FREE! Also has Affiliate cloaking software built in.

### [Create massive search engine results](#)

WIS speaker, blew the audience away with his fantastic software. A must for high search engine placement. Now you can get huge rankings with Google, Alta Vista, AOL, Yahoo & more.

### [How to Start your own web design business](#)

Combining some templates & some inside information you can start (or outsource) our own business.

### [Chris Bloor](#)

Chris is amazing. He is a marketing guru & his knowledge about the internet is first class. He was a great speaker at the world internet Summit. In fact his newest website has to be seen to be believed. His web site is a monthly subscription site. There is NOTHING like it in the world. Every month his members get great ebooks to download. Some ebooks come with reprint rights. The site is bursting with information. Every month it gets even better. Just one of his newest features enable you to put audio on your websites. This one huge benefit alone is worth the small monthly subscription. Check it out

### [Copyrighting success](#)

Brett McFall, Australia's leading sales surging copyrighter, was also one of the organizers at the WIS. His manual for marketing has been a huge hit & made many of his clients a lot of money. Check Brett out at:

### [Brett's Amazing Ad camp](#)

Learn advanced copywriting strategies to wealth.

### [Mail Order mentoring - Trevor Crook](#)

### [Mal Emery](#)

Mal was a great speaker at the event. His marketing knowledge is huge. He has a great marketing tips newsletter. His mail order & Marketing Knowledge is world

renowned. One of his greatest tips he has given me is "Give away a part of a profit you would have never had" In other words, it is better to get 50% of something than 100% of nothing.

### [Jo Han Mok](#)

The creative money-making mind from Singapore. His knowledge on joint venture Marketing is massive. His software is beyond belief. Simply, if you want to make Killer Web Copy, you MUST have this software.

### [Ted Ciuba](#)

Ted is America's foremost Internet marketing consultant.

Ted was one of the hosts of the world Internet Summit. His knowledge is truly amazing. He truly believes in "Think & Grow Rich." Ted combines traditional marketing concepts to cutting-edge Internet strategies. Ted is now renewed to Interview the World's greatest Internet minds.

### [Reprint Rights](#)
